

# APPROVAL GUIDE

## REQUIRED PHOTOS

- A. Required photos:
- o Front
  - o Left side
  - o Right side
  - o Back
  - o Helmet off, balaclava removed
  - o BOTH sides of weapons
  - o Put any additional photos in WIP

## PHOTO TIPS

- B. Background should be free of distracting clutter or colors
- C. Capture the full body - don't cut off helmets or feet
- D. Ensure the applicant is well lit
- E. Take at the wearer's chest diamond level (not too low or too high)
- F. Straight-on and not angled at the wearer from front or behind
- G. Remove capes/ponchos
- H. Applicant should be in focus with a minimum quality of 1920x1084
- I. Take additional clarity photos such as weathering, visors, etc
- J. Under NO circumstances should you edit or "photoshop" ANY photo
- K. No One Drive or Google Docs. All photos must be externally hosted for your safety and the club's

## A/B REQUIRED PHOTOS

Front Back Left Right Bucket and balaclava off

### SIDE A

### SIDE B

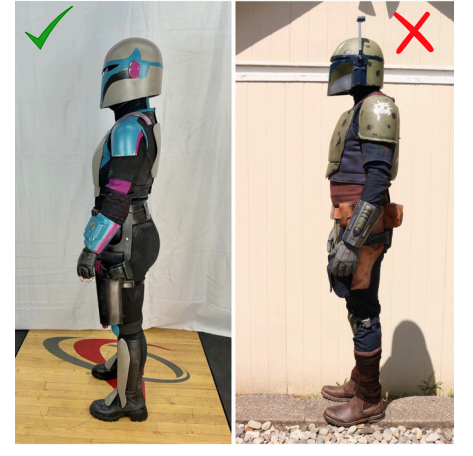

Note - photos must be of ALL weapons

C

Ensure app team can see the full subject

F

Ensure you stand directly in front of the subject so all of the armor is visible.

D

Well lit subjects show much more weathering and detail than poorly lit subjects

G

If a cape/ poncho/ duster hides armor, it must be removed for application photos

E

Chest diamond level ensures you don't distort sizing

H

Kit must not have too much loss of detail

### REMINDER:

- NO PHOTOSHOP/ALTERATIONS
- NO PERSONAL LINKS TO DRIVES OR GOOGLE DOCS
- YOU MUST BE WEARING YOUR ARMOR
- APPROVAL TEAM MAY REQUEST ADDITIONAL PHOTOS
